PMB	Prescribed Minimum Benefits (PMB)	All Discovery Health Medical Scheme (DHMS) plans cover the costs related to the diagnosis, treatment and care of: an emergency medical condition, a defined list of 270 diagnoses, a defined list of 27 chronic conditions. Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions. The treatment needed must match the treatments in the defined benefits. You must use designated service providers (DSPs) in our network – this does not apply in emergencies. Where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network once your condition has stabilised. If your treatment doesn't meet the above criteria, we will pay up to 80% of the Discovery Health Rate (DHR). You will be responsible for the difference between what we pay and the actual cost of your treatment.																				
	Medical Savings Account (MSA) and day-to-day benefits	Pays for day-to-day medical expenses like GP consultation fees, prescribed and over-the-counter medicine, radiology and pathology as long as you have money available.
