

UCT DISCOVERY HEALTH MEMBERS
ANNUAL RENEWAL PERIOD

02 October 2013

Dear Discovery Health member

Discovery Health has launched their benefit updates for 2014. The annual increase across the plans is 8.9 %. This and more benefit updates will be presented during our medical aid roadshow this month.

As your appointed healthcare consultants, PSG together with the UCT, invite you to attend a medical aid presentation and/or book a one-on-one session in order to find out more on the updates for 2014.

We want you to make an informed decision about your choice of cover.

Medical Aid Plan Information

Over the course of the next few weeks Discovery Health will send you information about your cover in your chosen method of communication, i.e. post or e-mail.

You can also find information on topics such as the benefits for 2014, various plans, contribution table, hospital networks, and chronic medication on the [Discovery Health page](#) of the UCT HR website. This page will be updated regularly as information is provided by the scheme.

Attend a Presentation

To assist with planning a rather busy time of year, please take note of the information sessions (dates, times and venues) on the [schedule](#) and book the time in your calendar to attend and hear more information about the annual updates.

If you are unable to attend a session and would just like to be informed of relevant changes and increases for 2014 this is available on the [2014 Discovery Health contributions and plan range summary](#).

Need An Individual Meeting?

Members may book an appointment to discuss and get guidance on their own option selection. To book an appointment contact Dianne Wilson on uct.diannewilson@psg.co.za or 072 384 14 58
